

PARKING AT TPASC

To prepare for the development of the new SAMIH building and the UTSC Retail and Parking Commons part of **Pan Am drive will be closed off** as of **February 29, 2024**. The **Pan Am drive road closure will begin at the southeast corner of TPASC and end at parking lot H**.

NEW TRAFFIC FLOW

Traffic will be two way until you reach the entryway to the East Drop Off. **Traffic will become one-way and you will be diverted into the East Drop off**. You will then either **choose the drop off lane or the East Parking Lot lane** based on your destination.

OVERFLOW

Access to the UTSC parking lots will only be via Military Trail. When the TPASC lots are full, this will **require users to exit to Morningside Ave and go to Military Trail to access the UTSC overflow lots**.

The **parking lots will be very busy** and we appreciate you **parking in authorized spots only**. **Parking enforcement will be onsite** to ensure compliance with parking rules.

Thank you for your patience.
